The language of advertising is very much the same all over. Business everywhere follows well defined conditions, and others are doing. It's a time of price reductions, and every advertiser tells you about the same thing. All this talk is bound to be monocommon to the conditions of the same for those who have the money to spend and plain facts can't be too plain for the average shopper. All this fine talk of literature and all the enthusiasm of clever illustrations couldn't make these prices more attractive.

Mammoth Mercantile

We are all so apt to take things for granted that Napanesans lose sight of the fact that this town has one of the best Dry Goods stores that can be found in any town of its size in Canada
It is in thoroughness that the Robinson Co.'s store excels — and that thoroughness keeps it in the lead.
The great output of The Robinson Co.'s store justifies carrying assortments of goods that other stores cannot approach — assortments of Canadian Goods and Fordign Goods. Good service is the basis of it all—and the growth this last year is double the ratio of the past years.
The Robinson Co. store is easily the largest retail store in this vicinity and all its conveniences are freely yours. Convenient toilet rooms are provided for both ladies and gentlemen. Nobody at Robinson's is a stranger in a strange land. Welcome!

MEN'S FINE ORDERED CLOTHING

S. D. ABELL, Cutter.

Now for Women's, Misses', Girls', and Children's Fall Coats.

Fall Coats.

If you have time to visit our department on first floor devoted to Jackets, you will see more coats than you ever saw in Napanee's largest store before. When you then see the many hundreds of styles represented you will understand how incomplete a description of them would be, in such a small newapper space as this. Our aim has always been to avoid duplicates of style. If you want to buy a coat you do yourself an injustice if you neglect seeing our display while it is at its best.

If you make your selection now, pay a small deposit upon it, we will giore it for you until needed.

Baby Coats, 75 cts. to \$3.50 Children's Half Reefers, for early fall, \$1.75 to \$3. Girls' Reefers, \$2.50 to \$12.00. Girls' Paletotr, full length, \$3.50 to \$12.00. Misses Coats. Made for girls, to look well on girls and with a style about them as only German makers can make, \$4.00 to \$12.00. Women's. Blacks, Greys, Fawn, smooth, rough, hairv. light weight heavy Assistance.

Women's. Blacks, Greys, Fawn, smooth, rough, hairy, light weight, heavy weight, collars high and collars how, some without collars at all. A great variety at the medium popular prices, \$5, \$6, \$7, \$8, \$9, \$10.

Pretty, Low Priced Materials for Waists

When we say low priced we mean around the Sc. 10c, 12½c and 25c mark. The raw materials from which they are made is cotton but they look like woolen and silk and wool material. Clever Yankee designers had a hand in their make up. Colonial Flamels – Fretty neat designs, exact copies of French Flamels, for waisti and Wrappers, Sc and 10c. Saxony Flamels—American stuffs, just the thing for house waists and dressing jackets, 12-12c yard. Mummie Cloth—A wool copy in every way, good for Waists and Wrappers, Landa Serge—Fleece back, lots of pretty designs to choose f om. 15c yard. Tokio Silkaline Stripes—Make pretty waists. Designs are very different from what has been. 25c yard.

Another Rain Coat Bargain.

Two weeks ago we told you shout a little lot of 32 Women's Rain Coats at a bargain. There were not enough in the lot to supply those who called for them. This time we secured forty coats. They are not same as last but equally as good value. We have divided them in three lots. Every coat is thoroughly rainproof, and will be sure to please first forty customers. All sizes. Meetly fawns. As follows, 4.50 coats for 3.00, 6.00 coats for 4.50.

The New Flannel, Cashmere and Silk Waists.

They color weather is very suggestive of warmer waists. For the outing or the boat or trip on train Cashmise or Flannel waist looks wel. The flannels are in plann shades and pretty stripes, such as ck and write and blue and white.

The silks are in reds, bluer, tuscan, white and black, all made with that touch of style as only ready wears have. Sizes 33 to 44 400 and 500.

The First Consignment of New Dress Goods is Now Ready for Your Inspection.

For dressy dressers, plain materials of the Broadcloth and Venetian variety in finer and lighter weights than heretofore will be first. Fancy Broads, too, will be stylish. These latter come in dress patterns, neat flake effects on plain grounds—Boucle effects, stripes and figures of contrasting color will be stylish. Tweeds of medium weight for street skirts and suits are very prpular. Homespuns and Cheviots are among the staple wantable thinds for separate skirts and street wear. The color popularity will be bound to be Blacks, Whites, Medium and Dark Browns, Greens, Blues, Greys, Reds, in about the order named. For evening wear, Cream, Ivory, Champagne and Heleos will be first.

A great display of New Waistings are ready for you. All entirely new and different from last season. 75 choice patterns—no two alike and almost all in single waist lengths. These require to be seen to be appreciated. We can confidently say none like them in or near Napanee.

Pandora Range

Entirely New

Entirely New

Has been under construction for more than a year—six months were spent in testing and perfecting the rampe before it was offered for sale.

Is built on entirely new and modern principles from entirely new designs—no old patterns were used to hamper the good working qualities of the new features.

Possesses labor and fuel-saving devices which are entirely new-triple, triangular grates, enameled steel reservoir and special flue construction, are not used in any other make of range.

The fire-box, hot-air flues, body and oven linings, dampers, etc., are improved over old styles and all combine to make a perfect laking oven.

Bold, rich carving extra highly-solished nickeling, heavy leg lasse and sheet-steel warming closet give the "Pandora" a rich, elegant appearance not seen in old style ranges.

Bold by all enterprising dealers. Booklet free to any adarva-s.

In our own business we found a large demand for goods that are usually found only in city stores. By catering to this demand we have kept in Napance a good deal of money that usually went to the city stores.

We do not believe in whining about people doing their shopping in city stores. We know by experience that Napance people will buy only in Napance stores if they can get the kind of goods they want.

We've got goods to supply the most exclusive tastes—quality equal to the best city stores—choice wide enough for the most critical, prices we believe as low or lower than you can get the same goods for in any store either here or in the city.

SATURDAY & NEXT WEEK & DRESS GOODS

There's no dearth of news from the Dress Goods Section; it would be an easy matter to tell of something new every day, but this week the news is of Ladies' Suitings—everything that's new, in either weave cr color, is to be found here.

New Fashionable Suitings

In Black and all the latest fall shades, including Navy, Light Navy, Green, Brown, Grey, Reseda, Fawn and Cardinal, etc. correct weight for ladies' tailoring.

There is more warmth (and more health, too) in a light blanket, if it is of fine, scrupulously pure wool, than there is in a much heavier blanket of inferior make up. Our Blankets are warmest for their weight known in the trade, and all sre priced exceptionally low. For instance
